SUBJECT: President's Report to the Board

Enrollment

As of this morning's enrollment report we are at approximately 63% of our enrollment goal for the fall semester. Several additional START Programs are scheduled including an Instant Admit Day. We need approximately 702 full-time and 294 part-time students (new, returning, transfer, reinstates) to meet our enrollment projections.

Concurrent Enrollment

The College under the direction of SUNY is being directed to address how we bill students and school districts for the concurrent enrollment program. This conversation began many years ago and while there is still some disagreement regarding the interpretation of the state statute we are one of only three community colleges to not be in compliance with what has interpreted from statute.

Miscellaneous

6/27 & 6/28 Attended Guided Pathways Institute
7/16 Meeting with John Rudd regarding collaborative nursing program partnership
7/18 College closed due to water main break
