

## Reaffirmation of Independence 2022-2023

Students that do not meet the legal requirements for independent status on the Free Application for Federal Student Aid (FAFSA) may request a Dependency Override. Our records indicate that you were granted an independent override in 2021-2022. A dependency override is an annual determination and we must affirm each year that the unusual circumstances still exist. In order to be considered independent again this year, this form must be completed and returned to the Financial Aid Office.
