Tompkins Cortland Community College fosters intellectual, emotional, cultural, ethical, philosophical, social, and spiritual growth. Both classroom and out-of-classroom educational experiences facilitate this growth. Residence hall living is considered an integral part of a student’s overall educational and personal development. The Residence Life Department focuses its energy on the co-curricular experience, which is an important and valued component of a student’s development. Students are provided with opportunities to strengthen their educational objectives through the living and learning process in a residence hall, and through participation in an assortment of student organizations and activities. The program considers students’ educational and social needs, safety and health standards, and the overall educational objectives of the College.

Residence halls are owned by the Tompkins Cortland Foundation, a not-for-profit corporation affiliated with the College, and operated by the Faculty Student Association (FSA). The residence halls are supervised by a team of professional staff and assisted by a para-professional staff of Resident Assistants. Residence hall facilities and programs are provided to satisfy not only the physical needs of residents but also social, academic, and psychological needs.

We are here to provide a service for our students. We will treat you as an adult. We take pride in our College. It is our home, and it will be your home while you are here, so treat it with respect. Please be assured we will do our best to make sure your college experience is as enjoyable and educational as possible.

Housing Contract Highlights
Everyone should read and understand their Residence Hall Contract before signing it as it is a legal and binding document. Some important points to keep in mind:
• You are signing either an Academic Year Contract or a Spring semester only contract. As long as you are enrolled at Tompkins Cortland, even in on-line classes, you are obligated to the terms of the contract.
• If you decide to move off campus, but are still enrolled at Tompkins Cortland, you will still be charged for housing for the entire term of your contract.
• Breaking the contract for any reason, except graduation (or an official Contract Release) will cause your security deposit to be forfeited.
  o The Contract Release must be submitted within two weeks of moving out of the residence halls.
• By signing the contract you are agreeing to the terms of the contract and the policies of Residence Life, detailed in the Residence Life Handbook. Violations of our policies will result in disciplinary actions, as determined by the College.

The Apartments and Rooms
Apartment layout and size –
All housing is apartment style, and each apartment has a kitchen, living room, bathroom and four individual bedrooms.
• There are few two-person apartments, but these are typically used for medical accommodations and staff.
• The layout and size varies but the average bedroom size is 8’ x 12’.
• All residence halls have lounges with various recreational equipment and quiet study areas. For Tompkins and Cortland Halls, these lounges are located within the building connecting them.

Apartment Amenities
Only college-provided furniture is permitted in the residence halls. Any exceptions must be approved by the Director of Residence Life in consultation with the Coordinator of Access and Equity Services and will be based on medical necessity.
Each apartment comes fully furnished with the following:
• Living Room: couch, chair, end table, and coffee table.
  • All apartments in Tompkins Hall have carpeting, along with some in Cortland Hall. Tioughna, Cascadilla and Seneca Halls have no carpeting.
  • Bedrooms: Extra-long, twin-size beds which are 80 inches by 36 inches, dresser, desk, and chair.
  • Kitchen: full-size refrigerator, electric stove/oven, and breakfast bar with stools or a table and chairs will be supplied.
    o Some of the 2-person apartments do not have a table and chairs.
    o Additionally, each kitchen has a double-sided sink and cabinets; some have a garbage disposal.
    o Apartments in all halls except Tompkins and Cortland have been equipped with a microwave oven, however, these are being phased out and there are other apartments without microwaves.
    o Students are allowed to bring additional appliances, such as microwaves (for any apartment that does not come equipped with one,) toasters, and toaster ovens for kitchen use ONLY. These may not be used or stored in your bedroom.
    o Additional refrigerators (see policies section 5.4) or open flame appliances are strictly prohibited.
• Bathroom: full bathroom with tub/shower. We provide pressure-assisted toilets. Students cannot use any type of drop in cleaner or deodorizer in these.
Cable Television: An extensive selection of cable television is provided for each bedroom at no extra cost. You will need a co-axial cable to connect your television to the cable. The campus is equipped with digital cable, which requires a QAM tuner. Some televisions are equipped with a QAM tuner, while others may require an external version.

Internet Connection: All bedrooms have their own internet connection and the buildings offer Wi-Fi at no extra cost. Internet use is provided as a privilege and is intended to support your academic experience on campus. Illegal use, or activity that negatively affects the performance of the network, is prohibited. Students must follow the Computer Use and Policy Protocol. Students having difficulty with service will be provided guidelines for assistance.

Telephone: Students seeking in-room telephone service need to contract with Apogee for an additional fee. Information on doing so will be provided at check in. Tompkins Cortland Community College works very closely with AT&T to provide cellular service to our residential students. AT&T has provided a mobile cell tower on campus and provides discounts on phones and service plans to all TC3 students. Please go to my.TC3.edu and select myMobile for more options.

Gender-inclusive apartments
Gender-inclusive apartments are an option for any student who does not wish to be housed on the basis of assigned gender. In order to have a gender-neutral apartment, a group of four must sign up and all request each other on their housing/roommate request. All four must agree from the outset to this living arrangement.

Should one resident leave the apartment, the first preference will be for the remaining residents to find a fourth roommate. Otherwise, this apartment will be designated gender neutral, and anyone (regardless of gender) will be able to move into that space. Per the room change process, in most instances roommates will meet this new roommate first. However, at the beginning of a new semester or in cases of emergency placements, a first meeting may not occur.

Care and maintenance of your apartment

Room/Apartment Accountability
Students are responsible for the proper use of residence hall facilities. Damages to student rooms are always assessed to the occupants. If they are not responsible for the damage, it is their responsibility to ascertain who caused the damage.

All apartments will be reviewed monthly for proper upkeep. It is important for student well-being and preserving facilities that cleaning is done regularly. On a monthly basis, staff will check each apartment and advise residents of areas needing immediate cleaning. If residents do not clean those areas, they will be referred to the conduct process.

All apartments will also be inspected at each break period. If common areas are left dirty to a point of causing a health hazard or creating an environment where a new student could not be placed, those areas will be cleaned by housekeeping staff and all residents will be charged for that cleaning. Whenever damage occurs in a student’s room or to any equipment within the hall, it should be reported immediately to the Residence Director or other professional staff member and an incident report should be filed. All damages to common areas caused by misuse, abuse, or vandalism will be assessed against the student population of the appropriate building, floor or area.
**All damages to common areas caused by misuse, abuse, or vandalism will be assessed against the student population of the appropriate building, floor or area.**

**Damages to Property** – All residents will pay a security deposit as stipulated in the current license. This is to ensure the upkeep of the property, and to pay for damages discovered at the end of the license term. Upon arrival, each student will complete a room condition report (RCR) with their RA.

• Each student is responsible for the condition and upkeep of their private bedroom and, collectively with other apartment mates, is responsible for the condition of the common living room, kitchen, hallway, and bathroom.

  • Any damage or cleaning charges in the common areas will be assessed to all students within that apartment on a pro-rated basis, unless one individual is clearly responsible.

  • Students are responsible for notifying Residence Life staff if someone has damaged any property in the apartment as soon as possible.

• At the end of the year, or whenever a student leaves the room, the room will be checked for cleanliness and damages, and an inventory of furniture will be done, with the expectation that the room has been made ready for the next resident.

• Charges will occur for anything not considered normal wear and tear – including damage to appliances and additional cleaning needed to prepare the apartment.

• Damage charges are not limited to the amount of the security deposit.

• When damage occurs to the common areas and lounges of a building, and the person responsible cannot be determined, all persons in the building may be charged for the damage.

• Students may be referred for disciplinary action when damage is discovered. The damage will be repaired, and the students will be billed.

• All repairs are to be made by the Residence Life Office and/or its designee.

A list of damage charges is included at the end of this handbook.

Students are responsible for having private insurance either by being included in their parents’ home owners’ policy, or by purchasing renters insurance to protect themselves against loss. Information on an optional plan for personal property insurance coverage is available in the Vice President of Student Services Office in room 216 or in the Residence Life Office.

Coffee makers, air fryers, toasters and toaster ovens, and other cooking devices are to be used in the kitchen area only. Students may not use their oven to heat their apartment; leaving the oven on, open, and unattended can result in loss of use of the stove/oven in that apartment. Appliances may not be left unattended while in use. All additional appliances must be UL approved. Do not pack the freezer full or it will break down.

Air conditioners, space heaters, mini-fridges larger than 2.0 cu ft, halogen lamps, and multi-bulb ‘octopus’ lamps are not permitted.

Advise students on academic, administrative, personal, and social matters within the limits of the Resident Assistant’s experience and capabilities, or to refer students to appropriate services both on and off campus.

Be aware of student’s progress and attempt to identify academic and personal problems before they hinder the student’s success at the College.

Develop a tradition of student responsibility contributing to the residential community and environment.

Provide programs for their floor and hall through educational, recreational, and social activities.

Help develop College community, self-government, and resident involvement.

Provide opportunity for student input, disseminate official College information, and explain administrative policies at regularly scheduled floor meetings.

Supervise operations including enforcement of the residential standards and regulations, and make disciplinary referrals through the conduct process when appropriate.

Be responsible to the residence life department for the overall supervision and administration of their area.

Residence Directors

Residence Directors (RDs) are full-time, professional staff members who live and work in the residence halls. They provide a professional presence in the halls at all times by serving on duty. The RDs supervise the RAs in their work. They serve as a resource for students, serve as hearing officers in the conduct system and meet with students around policy violations, and ensure a safe, welcoming community.

Residence Hall Association

The Residence Hall Association is the governing body for all residential students. It provides students with an opportunity to take an active role in determining their living environment. RHA is composed of the executive board and student representatives from each of the residence halls. The duties of RHA consist of reviewing, recommending and/or establishing policies/procedures relating to the welfare of all residential students. RHA is also responsible for allocating funds raised by the hall association fee and the development/planning of social and educational programs for students living in the residence halls.

RA and Student Activities Programs

Residence Life and Student Activities will provide ongoing programming. This includes weekly van trips to Walmart or other local events in which residents express interest. Educational and social programming will happen in all residence halls and the student center throughout the year. Students are encouraged to attend all programming events, which can be found in the Panther Passport Calendar or announcements about upcoming events.

Roommates and Apartment Community Agreements

The majority of the apartments house 4 students; a few house 2 students. Students have the ability to make requests for roommates and specific housing and Residence Life staff will do their best to honor such requests. As students will often arrive not knowing their roommates, Resident Assistants will visit each apartment at the start of each semester to work with the group and complete a community agreement. This process will help residents talk about issues such as cleaning the apartment, guests in the apartment, noise, etc. Students who experience roommate difficulty after completion of this form should consult with their Resident Assistant and/or Residence Director on next steps.

Any item prohibited by law or campus policy will be confiscated by staff.
• Items that are lawful may be collected from Residence Life staff and taken off campus.
• Any items left by the end of the spring semester will be disposed of.
• If the confiscated item requires additional disposal fees, that charge will be passed along to the student.
• Residence Life staff is not responsible for any lost or damaged items.

Policies

Living on campus presents numerous opportunities and challenges. The following rules and regulations are in place to help ensure the safety and security of all residents in a safe and clean environment. Violators of any portion of this handbook or the Residence Life Housing Contract will be referred for disciplinary action, with the possibility of being removed from campus housing.

Alcohol

No student or their guest(s), regardless of age, may possess, consume, store, or distribute alcoholic beverages anywhere on the residential property or be in the presence of others consuming alcohol. This includes possession of empty alcohol containers. In addition, any student under the influence of alcohol who brings attention to themselves by making noise or general disruption or publicly displaying intoxication, is in violation of this policy. Any alcohol found on the property will be confiscated by Campus Police or Residence Life Staff. Repeated violation of the alcohol policy, including providing alcohol to minors, is grounds for dismissal from the residence halls.
Drugs

No student or their guest may possess, distribute, or consume controlled substances or unprescribed drugs anywhere on the premises or be in the presence of others consuming drugs. Use or possession of cannabis, including medical cannabis used or possessed under New York State Compassionate Care Act, is strictly prohibited on college property. This includes:

- Any drug or smoking paraphernalia (pipes, bongs, hookahs, rolling papers, etc.) found in student rooms or in use on residence life property will be viewed as a violation of this policy.
- In addition, any student, under the influence of a controlled substance who brings attention to themselves by general disruption or publicly displaying that they are under the influence of drugs, is in violation of this policy.
- Misuse/abuse of a dangerous or harmful substance for the purpose of intoxication, except for prescribed therapeutic purposes, is cause for disciplinary action.
- Inhaling or ingesting a substance (including but not limited to nitrous oxide, glue, paint, gasoline, solvent, etc.) other than in connection with its intended purpose is also prohibited.
- Use of a prescription drug other than by the person to whom the drug is prescribed and in accordance with the prescription is prohibited. This includes sharing drugs.

The Residence Life Office will work closely with law enforcement officials in all drug-related matters. Any drugs or paraphernalia found on any college properties will be confiscated and destroyed by Campus Police. Possession of controlled substances, other than for medication prescribed by a doctor, is grounds for dismissal from the residence hall.

Abandoned Property

Any personal property that remains in a room upon termination of the license shall be deemed abandoned and may be disposed of by the FSA in its sole discretion. The FSA may, in its discretion, make efforts to notify student and/or student’s parent or guardian that property has been found in room. Neither the FSA, the Foundation, Tompkins Cortland or their agents or contractors assume any responsibility for any such property at any time, regardless of any course of action taken.

Note: This includes instances of students withdrawing from all classes, being suspended, expelled, or removed from housing, or not registering for the Spring semester.

Animals/Pets

With the exception of guide dogs, service animals and emotional support animals, no animals or pets are permitted in the residence halls. Permission for guide dogs and service or emotional support animals would come from the Coordinator for Access and Equity and the Director of Residence Life.

Attendance/Student Success

Residential students are expected to be actively engaged in an academic schedule of at least 3 credits.

- This includes the expectation of not only attending classes, but also doing the course work for each class. Students experiencing difficulty in any course are strongly encouraged to speak with the course instructor, speak with their advisor, and make use of any and all academic support services provided free of charge at the College. Free academic supports available to all students include tutoring services in the Baker Commons, Counseling, Career, and Transfer Services, and the services in the library.

- Students who are determined to not be attending their course load may be subject to removal from campus housing at any time during the semester. If a student is de-registered from their courses and no longer in at least 3 credits, they must move out of housing immediately.

NOTE: The federal government views financial aid as being “earned” by attending class over the course of the semester. If a student drops or withdraws, or never attends one or more courses for any reason during the course of a semester, financial aid eligibility may change. By law, “unearned” funds must be RETURNED by the College to the appropriate source (federal, state, or lending institution). It then becomes the student’s responsibility to pay the College bill with cash, check, money order, Discover, Visa or MasterCard.

Smoking

Smoking is not permitted anywhere inside the residence halls.

- Smoking is not permitted within 25 feet of residence halls.
- Violations of the smoking policy by a student are subject to disciplinary sanctions.
- This policy includes use of electronic smoking devices (commonly referred to as “e-cigs” or “vapes”) and hookahs.
- Hookahs cannot be stored in the residence halls or used on residence life property.
Dangerous Materials

Firearms and other weapons are not permitted on campus or in the residence halls at any time. This includes, but is not limited to, hunting rifles, hand guns, paint ball guns, BB guns, very realistic looking toy guns or replicas, switchblades, gravity knives, bows and arrows, stun guns, self-defense spray devices including pepper spray, ammunition of any kind and any martial arts weapons (ex. chuka sticks, throwing stars, etc.). Use of any object against another person will be considered a serious breach of the housing contract, and is probable cause for removal from housing. Any type of flammable liquids (gasoline, lighter fluid, etc.) are prohibited. Fireworks and any explosive materials are prohibited.

Decorations

For your comfort, you are encouraged to decorate your apartment. We ask that you take care in the decoration of the apartment as well as in the removal of those decorations.

• Please do not use nails. Use tape on concrete walls and sticky tac sparingly on sheet rock to hang decorations on walls only.
• No decorations can be hung on or from the ceiling.
• We do not allow students to paint walls.
• Charges will be assessed if the decorations cause damage to the walls, doors, windows, or furnishings.
• Curtains and any type of cloth wall hangings (flags, tapestries, etc.) are prohibited by state fire control and can result in fines from them.

Failure to Evacuate

Law requires that all residents evacuate the building immediately upon activation. Students must evacuate as soon as possible, regardless of the circumstances. This must be done in a timely manner, to ensure the safety of the individual student and first responders.

Bicycles

Bicycles are not permitted inside the residence halls or apartments. Outdoor areas are provided for locking bikes. Indoor storage can be provided in the winter months.

Parking

All students must register their car with the Residence Life Office upon arrival to campus and will receive a parking pass for their vehicle.

• Only cars with proper registration and the sticker can park in student designated areas.
• All cars must park between the white lines.
• The Director of Residence Life reserves the right to remove parking privileges temporarily or permanently for persons who drive recklessly, park illegally, and/or speed in the parking lots.
• Vehicles parked in areas designated as no parking, handicapped, or staff parking may be ticketed and/or towed at the expense of the owner of the vehicle.
• Students must comply with all reasonable requests to move cars to ensure proper snow removal.
• Students who have been found in violation of the residence life drug policy or have committed a serious offense are subject to having their vehicles searched under “probable cause” to ensure the safety of other students.
• Cars that are inoperable must be tended to or removed within 48 hours.
• Unregistered vehicles cannot be stored in the residence hall parking lots.
• Students are responsible for insuring their vehicles.
• FSA shall not be liable, directly or indirectly, for any loss or damage to vehicles.
Guests and Visitors

It is the residents' responsibility to inform their guests of the rules and regulations, and to ensure their compliance. Residents will be held responsible for the behavior of their guests and any damage they may cause.

• No overnight guests will be permitted during the first and last week of classes each semester, and again during final exam week.
• At other times, friends from home and other guests are welcome to visit for a period not to exceed 48 hours within a seven-day period.
• A guest may no more than three times in a semester.
• Guests must be with their host resident and carry ID with them at all times.
• Residents are expected to be sensitive to the needs of their roommates before inviting or allowing guests to visit.
• Guests who violate the rules and regulations will be asked to leave the property and, if necessary, be banned from entering the premises. Resident hosts of such guests will be held responsible for those violations. Residents who host persons banned from the property are in violation of the housing license.
• There should not be more than 10 persons in an apartment at a time. More than 10 will result in judicial charges for those residents present.

Visitor policies may be restricted at times to protect the community. Students are required to follow restrictions communicated by the Office of Residence Life.

Parents/Guardians of children under the age of 17 visiting a resident must contact the Residence Life Office at 607.844.6589 during normal operating hours 8 a.m. to 4 p.m. Monday through Friday to coordinate a visit by a minor.

Quiet Hours

Quiet hours are established as follows:

• Sunday through Thursday: 10 p.m. to 8 a.m.
• Friday and Saturday: 1 a.m. to 10 a.m.
• Students are expected to be considerate of others at all times. At no time is loud music permitted either in the rooms or in vehicles on the premises.
• Students are not permitted to put music equipment in the windows.
• Drums or amplified instruments are not permitted in the residence halls.
• Students are expected to refrain from any activity that might cause a disturbance in the community (including, but not limited to, yelling out the window or down the hallway, and playing loud music or television in the buildings).

During the weeks of final exams quiet hours are 24 hours each day.
Skateboarding, Skating, Sledding, and Snow Fights

Skateboarding and use of scooters, hoverboards, skates, etc. are prohibited in the residence halls and on the premises of Residence Life. Sledding and snowball/ice fights are not permitted on Residence Life property. Hoverboards are prohibited on campus as well and will be confiscated.

Diversity

The Residence Life Office will not discriminate on the basis of race, color, religion, gender, national origin, disability, age, citizenship status, Vietnam era or special disabled veteran status, or sexual orientation. We are committed to providing an open environment, free from discrimination, harassment, and prejudice. Part of the college experience is allowing members of the community to be respected and valued for who they are.

Title IX, sexual harassment, and discrimination

Sexual harassment and/or sexual discrimination of any type is not permitted in the residence halls. Students experiencing such should talk with a staff member or one of the Campus Title IX Coordinators.

Harassment and Assault

Any action intended to annoy, threaten, alarm, or harm any other member of the residential community is considered a serious breach of the housing license and will not be tolerated. Any student who harasses or threatens another student will be referred for disciplinary action and subject to eviction from the residence halls. Disagreements and conflicts will occur at times, but it is expected that all residents defuse or handle those disagreements in a mature, non-threatening, and non-violent manner, and seek help from staff members or college community members whenever necessary. Fighting in any area of the residential property is not tolerated.

Break Housing, Late Stay, and Early Arrival

All students must vacate their apartments during the following breaks unless they pay for break housing and are approved to stay. All students must follow correct closing procedures posted by their RA, including but not limited to:

• Close and lock all windows
• Remove all trash and recycling
• Clean or remove any dirty dishes
  o Dirty dishes that are left in the apartment may be disposed of!
• Unplug all electronics, except oven and refrigerator
• Turn off all lights
• Lock your doors

Thanksgiving Holiday

Noon Wednesday prior to Thanksgiving through noon the Sunday after Thanksgiving.

Winter Break

Noon on the day after the last day of final exams in December through specific dates set yearly by College calendar and posted by residence hall staff.

Spring Break

Noon Saturday through noon on Sunday 10 days later; specific dates set yearly by College calendar and posted by residence life staff.
Early Arrival and Late Stay

Students may request to arrive earlier than the listed move-in date for a variety of reasons. All requests should be directed to the Office of Residence Life and must be approved before the student arrives on campus. There is an additional cost associated with early arrivals. Additionally, if a student needs to stay past the day and time when the residence halls close, they must request to do so by the deadline advertised. Any student who remains in the residence hall building past an official closing without permission, or who return early without permission, will be:
• Documented and seen through the conduct process
• Charged $20 per hour they stay past closing

Any students who stay during break periods (with the exception of the summer term), including those who stay late without permission, must abide by the following policies, which differ from the policies during the semester:
• No overnight guests during the duration of the break (unless given written permission from the Residence Director)
• Extended quiet hours:
  o 10 p.m.-8 a.m. daily

Winter Break

Residents are able to remain in their assigned room ONLY if they are registered for classes for the Spring semester prior to the last day of classes in the Fall semester.

If students are registered by the last day of classes:
• They are permitted to leave belongings in their bedroom
• They must leave the common area of the apartment in a clean condition. This includes disposing of any perishable items, cleaning any dirty dishes, and ensuring the remainder of the apartment is clean.
  o If there is a vacancy in the apartment, a new student may be assigned to that space. If the common area is not clean, cleaning staff may clean the common area and the residents would be responsible for those charges.

If students are NOT registered for Spring courses by the end of Fall semester:
• They must remove all belongings from the apartment and turn in keys before leaving for Winter Break.
• Bedrooms and common area of the apartment must be left in a clean condition.
• If the student registers over break, contact the Office of Residence Life to discuss placement for the Spring semester.

If students drops courses during the break period OR is suspended or expelled:
• They must return to collect their belongings within 7 days of courses being dropped. Contact the Office of Residence Life to be granted access to the building to collect your belongings.

Failure to follow expectations for moving out or collecting belongings will result in remaining possessions being considered abandoned property.

Check-In/Check-Out

Established check-in and check-out procedures must be followed by each student.

Check-In: At the beginning of each semester, each new student must check-in at the designated location as indicated in the room assignment email. Students will then receive keys, a copy of the Residence Life Handbook, and sign room condition reports.
• During the first few days of the semester, each RA will hold floor meetings. These meetings are mandatory. They are a way for the residents to get to know each other, to set expectations for the community, and to learn about policies.

Check-Out: When the student moves out of the room, they must:
• Turn in all keys
• Leave the bedroom and apartment in “move-in ready” condition, including removing all belongings, trash, and cleaning all surfaces.

Failure to meet these expectations may result in additional charges. Please refer to Section 8 for a list of possible charges.

If students receive additional charges for cleaning or damages, they have the right to appeal. Appeal information will be emailed to students’ TC3 email account after the semester has ended.
• There is a short (approximately 2-week) window for appeals to be submitted, so it is encouraged that students check their email regularly during this time.
• After the appeal period has ended, appeals will not be considered unless the Director of Residence Life determines the circumstances require it.
**Lock Outs and Keys**

All residents are expected to carry their own keys and Tompkins Cortland ID Card with them at all times. Residence Life staff are available to open doors for students at a cost of $2; if the student cannot provide $2, they may choose to donate a non-perishable food item for the food pantry. Students are required to go to the Residence Life or RA office for a lock out so that staff can confirm they are only trying to enter their own apartment/room. Resident Assistants will report repeat violators to the Director, who has the right to institute a lock change at the cost to the resident. Students who get locked out and attempt to break into the apartment will be in violation and held financially responsible for any damage occurring. Students can only be let into their own rooms. Residence life staff members do not have the authority to key someone into another person’s room without the direct consent from the person assigned to that room. Emergency situations require permission from the Director of Residence Life or the Assistant Vice President of Student Services.

**Non-Compliance with a Reasonable Request**

In the performance of their duties, the Resident Assistants, the professional staff of Residence Life, and Campus Police may make reasonable requests of the residents in order to ensure the safety and security of the community at large. All residents and their guests are expected to comply with such reasonable requests, and will be found in violation of the housing license for failure to comply or behaving inappropriately towards the staff member making the request.

**Room Changes**

All room changes must be approved by a member of the Residence Life professional staff. At the beginning of each semester, there is a freeze on room changes in order to give students the chance to get to know each other. The Resident Assistants can assist with any conflicts that may arise. Fourteen days from the day classes begin, residents may submit a room change request form for review by the Residence Life Office. There is also a room freeze during the final two weeks of each semester. This can be a busy time for students preparing for and taking finals, therefore only emergency changes are allowed. Any change made without prior consent from a member of the residence life professional staff will result in a minimum administrative charge of $40. A student must clean and return their bedroom to move-in condition for the next occupant. Students who do not do so, will be charged a $60 turnover cleaning fee. Students who are late returning keys will be charged $10 per day for up to a week. If the key is not returned at that time, student will be charged a $200 lock change fee. The Residence Life Office has the right to administer room changes in order to settle disputes, consolidate rooms for new incoming students, and as a disciplinary sanction.

**Removal from Housing**

Serious and/or repeat violations of the housing rules and policies can result in removal from the residence halls. Students receiving an order to vacate as a result of a disciplinary hearing may have as few as 48 hours to vacate their apartments. In such cases, no refunds will be granted, the security deposit will be forfeited, and students will have full liability of their housing costs. Students will also be banned from the residence halls and the property grounds, with threat of arrest for violators.

**Student Conduct System**

Being a member of Tompkins Cortland Community College and its Residence Life program are privileges that carry with them responsibility for the well-being of all other members of the community. It is understood that students voluntarily enter this educational and residential community with the highest regard for the establishment and maintenance of a campus environment characterized by interpersonal care and personal responsibility. Only when such a community exists can the program fulfill its goals to foster the intellectual, emotional, cultural, ethical, philosophical, social, and spiritual development of its residents.
Community Expectations and Standards

Residents are expected to adhere to community standards as rules and guidelines for responsible living. To this end, all residents are expected to know and follow the Residence Life Handbook, the housing license, and the College Catalog/Code of Conduct, and accept the consequences of their actions in all phases of their lives. The conduct process serves as an educational mechanism by which students are confronted with regard to harmful or insensitive behaviors, held appropriately accountable, and offered an opportunity to modify behaviors. Through the conduct process, students are expected to learn the importance of accepting personal responsibility for behavior that violates community standards. In some instances of misconduct, the Director of Student Conduct and Community Responsibility, or their designee, in accordance with the procedures for adjudication, reserve the right to remove any resident from housing and/or from the College without reimbursement of housing charges or deposit. This extends to resident behaviors both on- and off-campus, as outlined in the Student Conduct Code. Procedures used to enforce standards should contribute to teaching appropriate individual and group behaviors, as well as, protecting the rights of individuals and the campus community from disruption and/or harm. Appeals of conduct decisions may be filed in the Office of Student Conduct and Community Standards within 10 days of receipt of the findings notification.

Categories of Misconduct

The following provisions define the misconduct for which students may be held accountable. Because residents also are full-time Tompkins Cortland students, the College will hold students accountable to all policies within the Handbook of Rights and Responsibilities as well. This can apply to behaviors on- and off-campus. The influence of drugs or alcohol will not in any way mitigate the consequences of inappropriate behavior or minimize the responsibility of individuals charged through the disciplinary process. A student attending an off-campus College function is subject to the same standards of conduct expected on campus. Likewise, students are responsible for the behavior and actions of their guests at all times.

In minor disciplinary cases, the guidelines listed above will be implemented with a minimum of formality. But in all cases, it is essential that steps to promote fairness should govern procedures, providing the accused with an opportunity for defense against the charge of misconduct. Parents of all resident students will be notified of any violation resulting in removal from housing or suspension from the college.
